

FOR IMMEDIATE RELEASE

## **CRITICALCONTROL CLOSES ACQUISITION IN THE UNITED STATES**

**CALGARY, ALBERTA, April 1, 2015** – CriticalControl Solutions Corp. (“CriticalControl” or the “Corporation”) (TSX: CCZ) announced that it has acquired, through Gas Analytical Services, Inc., its wholly owned operating subsidiary in the United States, certain assets of Legacy Measurement Solutions, Inc. (“Legacy”) of Dallas, Texas as contemplated in the Corporation’s press release dated March 17, 2015. The assets acquired relate to the interpretation of gas charts, the provision of gas and liquids analysis and the provision of measurement related field services.

“As part of the transaction, we welcome a strong, dedicated team to support our growth across seven states,” said Alykhan Mamdani, CEO of CriticalControl. “This addition is key to the expansion of our core services business in the United States, and forms the foundation of our future.”

### **About Legacy**

Legacy Measurement Solutions offers engineered measurement, production and process equipment to the oil and natural gas industry from wellhead through midstream and transmission. Products include engineered ultrasonic and orifice measurement stations, custom and standard meter tubes, LACT units, gas production units, pressure control skids, and ASME code vessels. The company has over 400 employees and locations in all major oil and gas basins in the United States. Legacy Measurement Solutions is a portfolio company of White Deer Energy.

### **About CriticalControl**

CriticalControl provides solutions for the collection, control and analysis of measurement and operational data related to oil and gas wells across North America. We provide services to capture the data, cloud-based software to visualize and manage it and the business intelligence to make quicker and more informed operational decisions.
